Part 3

Description of Expense Element (by Type)	NEW	Detailed Description of Expense Allocation Methods
1. Incurred Claims		
Allocation		Paid claims are assigned to the contract situs state. Claim liabilities are allocated to the contract situs state based on premium.
Description		Includes claims paid or payable to physicians and non-clinical providers for services and supplies covered by the policy, excluding estimates of losses incurred, but not yet reported.
2. Federal and State Taxes and Licensing or Regulatory Fees		
2 a Federal taxes and assessments		
Allocation		Federal income taxes, excluding federal income taxes on net investment income, capital gains and the medical loss rebate liability, were allocated by state and by segment (i.e., individual, small group, large group) based on their pro rata share of pre-federal tax income excluding net investment income and capital gains.
Allocation		Federal payroll tax is assigned to a product and then allocated on a pro rata basis to the proper segment (i.e., individual, small group, large group) within a state based on membership associated with contracts in each segment situated in each state.
Description		Includes all federal taxes and assessments allocated to health insurance coverage reported under Section 2718 of the Public Health Service Act and excludes federal income taxes on investment income, capital gains and the medical loss rebate liability, fines and penalties of regulatory authorities, and fees for examinations by any Federal departments other than as specified in 40 CFR 156.162(b) as other non-claims costs that are not included as an adjustment to premium revenue.
2 b State insurance, premium and other taxes		
Allocation		State income taxes are allocated to the state to which the tax was paid and then allocated to segments (i.e., individual, small group, large group) based on their pro rata share of pre-tax income, excluding net investment income, capital gains and the medical loss rebate liability.
Allocation		Premium earned by segment by contract situs state is used to allocate state and municipal premium taxes.
Allocation		Property taxes are allocated pro rata based on membership associated with contracts in each segment (i.e., individual, small group, large group) situated in each state.
Allocation		Premium earned by segment (i.e., individual, small group, large group) by contract situs state is used to allocate payment fund assessments.
Description		Includes State income, excise, business, and other taxes that may be excluded from earned premium under 40 CFR 156.162(b)(1), also includes State premium taxes, and Community Benefit Expenditures.
2 c Community benefit expenditures		
Description		N/A
2 d Regulatory authority licenses and fees		
Allocation		Assessments are allocated by state based on actual payment detail.
Allocation		Assessments are further allocated to segments (i.e., individual, small group, large group) pro rata based on the proportion of membership associated with contracts in each segment situated in a state.
Description		Includes statutory assessments to defray operating expenses of any State or Federal regulatory authority, and examination fees in lieu of premium taxes as specified by State law and excludes fines and penalties of regulatory authorities, and any fees for examinations by any State or Federal regulatory departments other than as specifically included in the line.
3. Non-claims costs		
3 a Direct sales salaries and benefits		
Allocation		Expenses are allocated pro rata based on the proportion of enrollee months associated with contracts in each segment (i.e., individual, small group, large group) that are situated in a state.
Description		Includes compensation (including but not limited to salary and benefits) to employees engaged in soliciting and generating sales to policyholders for the issuer.
3 b Agents and brokers fees and commissions		
Allocation		Expenses are allocated pro rata based on the proportion of enrollee months associated with contracts in each segment (i.e., individual, small group, large group) that are situated in a state.
Description		All expenses incurred by the issuer payable to a licensed agent, broker, or producer who is not an employee of the issuer in relation to the sale and solicitation of policies for the company.
3 c Other taxes		
Allocation		Other taxes are specifically identified by state, if specific identification is not possible, remaining taxes are allocated based on a ratio of total specifically identified state tax payments.
Allocation		Expenses are allocated pro rata based on the proportion of enrollee months associated with contracts in each segment (i.e., individual, small group, large group) that are situated in a state.
Description		Includes other taxes, fines and penalties of regulatory authorities, and fees for examinations by any State or Federal departments not already included in other lines.
3 d Other general and administrative expenses		
Allocation		Expenses are allocated pro rata based on the proportion of enrollee months associated with contracts in each segment (i.e., individual, small group, large group) that are situated in a state.
Description		General and Administrative Expenses not already included in other lines.
