Metz Finding of Eligibility 2013
2. Legal Requirements for a finding of eligibility.

California Insurance Code (CIC) §1861.10 states in relevant part:

(a) Any person may initiate or intervene in any proceeding permitted or established pursuant to this chapter, challenge any action of the commissioner under this article and enforce any provision of the article.

(b) The commissioner or a court shall award reasonable advocacy and witness fees and expenses to any person who demonstrates that (1) the person represents the interests of consumers, and (2) that he or she has made a substantial contribution to the adoption of an order, regulation or decision by the Commissioner or a court.

California Code of Regulations (CCR), Title 10 §2662.2 sets out the procedure by which individuals and groups may request eligibility to seek compensation.

(a) A person or group representing the interests of consumers may provide to the Public Advisor a request for finding of eligibility to seek compensation. The request shall be verified and may be verified by the intervenor's or participant's attorney and shall be submitted, at any time, in conjunction with an ongoing proceeding in which the individual or organization seeks to intervene. The request shall comply with sections 2652.1-2652.4 of this subchapter and shall include:

1) a showing by the intervenor or participant that it represents the interests of consumers, including a description of the previous work of the intervenor or participant; and,

2) in the case of groups representing the interests of consumers, the request shall include the following as exhibits:

(A) a copy of the group's articles of incorporation, by-laws, or (for groups not organized as corporations) other organizational documents,

(B) if the group has members, the approximate number of current members,

(C) composition of the group's current Board of Directors - including the name and business address of each director and/or the name and business address of the principals of the group if it is not a corporation,

(D) newsletter circulation, if any, along with a representative sample of newsletters and/or any other publications issued by the intervenor in California during the previous twelve (12) months,

(E) any annual or year-end report for the prior year,

(F) a statement as to whether or not the group has been granted non-profit status under Internal Revenue Code Section 501(c), and

(G) in order to allow a determination whether the group actually does represent the interests of consumers, a listing, by general category, of the group's funding sources for the prior twenty-four (24) months and the approximate total percentage of the group's annual budget from each funding category. Each foundation, corporate, business, or
government grant shall be separately listed by name of foundation, corporation, business, or government agency and amount of grant. For each individual who contributed at least five percent of the group's annual budget, the name of the individual and the total amount of the annual contribution shall be separately listed.

The Public Advisor may require additional information regarding the request at any time, but not more than twice during any one calendar year from a given Intervenor or participant.

(d) A Finding of Eligibility to Seek Compensation shall be valid in any proceeding in which the intervenor's participation commences within two years of the Finding of Eligibility so long as the intervenor (or participant) still meets the requirements of subdivision (a). A Finding of Eligibility to Seek Compensation in no way ensures compensation.

CCR §2661.1 (j) defines representing the interests of consumers as follows:

“Represents the Interests of Consumers” means that the intervenor represents the interests of individual insurance consumer[s], or the intervenor is a group organized for the purpose of consumer protection as demonstrated by, but is not limited to, a history of representing consumers in administrative, legislative or judicial proceedings.

A party which represents, in whole or in part, any entity regulated by the Commissioner shall not be eligible for compensation. However, nothing in this subsection shall be construed to prohibit any person from intervening or participating if that person is not seeking compensation.

3. Mr. Metz is found to be eligible to request compensation.

Mr. Metz has complied with the requirements of CCR §2662.2(a)(1).

Mr. Metz represents the interests of consumers, and on that ground, the Commissioner hereby finds him eligible to seek compensation in Department proceedings pursuant to CIC §1861.10 et seq.

ORDER

John Metz is hereby deemed eligible to seek compensation from the Department of Insurance for his representation of consumers' interests and his participation in Departmental proceedings pursuant to CIC §1861.10, for a period not to exceed two years from September 13, 2013. A finding of eligibility to seek compensation does not ensure compensation and Mr. Metz must comply with all relevant provisions of the California Insurance Code and the California Code of Regulations in order to submit requests and/or to receive compensation in
specific hearings or proceedings.
