1. POLICY DESIGNATION

This is an individual policy of insurance to be issued in the state of California.

2. PURPOSE OF THE OUTLINE OF COVERAGE

This outline of coverage provides a very brief description of the important features of the policy. You should compare this outline of coverage to outlines of coverage for other policies available to you. **This is not an insurance contract, but only a summary of coverage.** Only the individual or group policy contains governing contractual provisions. This means that the individual or group policy sets forth in detail the rights and obligations of both you and the insurance company. Therefore, if you purchase this coverage, or any other coverage, it is important that you **READ YOUR POLICY CAREFULLY!**

3. TERMS UNDER WHICH THE POLICY MAY BE RETURNED AND PREMIUM REFUNDED

- a) You may cancel your policy for any reason within 30 days after you receive it. To do so, mail or deliver the policy to either us or to the agent or office through which it was purchased. We will refund the full amount of any premium paid within 30 days of such a policy return and the policy will be considered never to have been issued.
- b) The policy contains a provision for the return of unearned premium in the event of termination due to death. Upon receipt of notice that you cancelled your policy or that you have died, we will refund the portion of the premium paid for the period between the date of cancellation or death and the next premium due date. We will pay the refund to you or, upon your death, your spouse, if living, or to your estate.
- c) The optional Return of Premium at Death Less Claims Benefit provides for a refund of premiums if you die while the policy is in force, less the amount of claims paid under the policy. We will not add interest to the benefit paid under this benefit.

The optional Return of Premium (Less Claims Paid) if Death Occurs Before Age 65 Benefit provides for a refund of premiums if you die while the policy is in force but prior to the policy anniversary date coinciding with or next following your 65th birthday. We will not add interest to the benefit paid under this benefit.

The optional Three Times the Maximum Monthly Benefit Return of Premium at Death (Less Claims Paid) Benefit provides for a refund of premiums if you die while the policy is in force, but no more than three times your maximum monthly benefit. For the purposes of this rider, the maximum monthly benefit is the lesser of your initial maximum monthly benefit, or your most recent maximum monthly benefit, excluding the whole amount of any inflation protection increases. The policy must remain in force for the length of the 10 year qualification period.

4. THIS IS NOT MEDICARE SUPPLEMENT COVERAGE

If you are eligible for Medicare, review the *Guide to Health Insurance for People with Medicare* available from Mutual of Omaha Insurance Company. Neither Mutual of Omaha Insurance Company nor its agents represent Medicare, the federal government, or any state government.

5. LONG-TERM CARE COVERAGE

Policies of this category are designed to provide coverage for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute care unit of a hospital, such as in a Nursing Facility, in the community, or in the Home. This policy reimburses you for expenses you incur for covered long-term care expenses.

6. BENEFITS PROVIDED BY THE POLICY

Benefits

Benefits are available up to the monthly and lifetime maximum until the applicable maximum lifetime benefit has been reduced to zero. Refer to your completed application for the level of coverage and features selected.

The maximum benefit payable will not exceed 1/6 of your Nursing Facility Maximum Monthly Benefit shown on your policy schedule.

You are not required to use a Care Coordinator to receive benefits under the policy. While a Care Coordinator will assist you in identifying qualified providers, you are responsible for choosing your long-term care providers. You are not required to use the providers identified in any Plan of Care developed by a Care Coordinator. You do not need to satisfy the Elimination Period to receive the services of a Care Coordinator. The eligible expenses made by a Care Coordinator will not reduce your maximum lifetime benefit.

In order to provide short-term relief to an unpaid caregiver, you may receive Respite Care during a temporary stay in a Nursing Facility or Residential Care Facility or in your Home or an Adult Day Care Center. No additional International Benefits are payable under this policy once we have paid International Benefits equal to the International Benefit Lifetime Maximum. All payments of International Benefits will be made in U.S. dollars.

Supplemental Long-Term Care Benefits *

You can receive Supplemental Long-Term Care Benefits at the same time you receive other benefits under the policy. No further Supplemental Long-Term Care Benefits will be paid once we have paid Supplemental Long-Term Care Benefits in an amount equal to the Supplemental Long-Term Care Lifetime Maximum. Cash Benefit

Payment of Cash Benefits

We will pay a Cash Benefit each month you are Chronically Ill, if you elect this benefit at the time of claim. The amount of the Cash Benefit to be paid each month is the amount you select and shown in the policy schedule. The Cash Benefit is a fixed monthly indemnity benefit that pays a lesser monthly benefit than other policy benefits for which you may be eligible. However, unlike other policy benefits, the Cash Benefit is not subject to an Elimination Period and proof of you incurring Eligible Expenses is not required.

A Cash Benefit will be paid in advance each month you are eligible for a Cash Benefit. If we determine you are eligible for a Cash Benefit for less than an entire month, we will adjust the Cash Benefit for that month. The Cash Benefit will be prorated based on the actual number of days you are eligible for a Cash Benefit in such month. We will assume that such month consists of 30 days regardless of the actual number of days in such month. If in any month you receive a Cash Benefit in excess of the amount for which you are eligible, we will reduce any future benefits paid to you under the policy by the amount of the unearned Cash Benefit.

Effect of Receiving Cash Benefits

While you are receiving Cash Benefits, no other benefits are payable under the policy. You may elect to discontinue receiving Cash Benefits by providing written notice to us. After Cash Benefits have been discontinued, you may receive any other benefit offered under the policy for which you are eligible. If you later decide not to receive other benefits under the policy, you may again elect to receive Cash Benefits.

Other Information

You do not need to satisfy the Elimination Period to receive Cash Benefits. We reserve the right to require you to submit a new Plan of Care at least once every 90 days while you are receiving Cash Benefits. Your policy's exclusion for services provided by a Family member is not applicable to the Cash Benefit.

OPTIONAL BENEFITS

You may elect any of the following options to expand the benefits under the policy:

Waiver of Elimination Period for Home Care Benefit

If elected, you do not need to satisfy the Elimination Period to receive Home Care Benefits under the policy.

Spouse Security Benefit

We will pay a Spouse Security Benefit if you receive other benefits under the policy. However, we will not pay a Spouse Security Benefit if you receive benefits under any Cash Benefit rider attached to the policy. The Spouse Security Benefit is equal to the other policy benefits received by you each month times 60%. Spouse Security Benefits will not reduce the maximum lifetime benefit.

Spouse Waiver of Premium Benefit

You are eligible for this benefit, if both you and your spouse are covered under a separate in force Mutual of Omaha Insurance Company Long-Term Care Insurance policy (Form LTC09M), with a Spouse Waiver of Premium rider.

We will waive the payment of your premium for the policy when and so long as the premium for your spouse's policy is waived under the terms of his or her policy. When the waiver period under your spouse's policy ends, premium payments will resume for your policy and must be paid to keep your policy in force.

An increase in the premium paid by you for the policy may occur as result of your adding or increasing a policy benefit following the policy effective date. We will waive the increased amount of the premium when and so long as the premium for your spouse's policy is waived under the terms of his or her policy, but only after the expiration of the Qualification Period (10 years).

Spouse Survivorship Benefit

This benefit is applicable only if both you and your spouse are covered under policy (Form LTC09M) Long-Term Care Insurance Policies with this benefit, and you and your spouse are living on the date the Survivorship Benefit has been in force for the length of the Qualification Period (10 years), and both policies are in force. If your spouse dies on or after the date the Survivorship Benefit has been in force for the length of the Qualification Period, your policy will become paid up effective on its next policy renewal date and will continue in force without further premium payments for the rest of your lifetime. The premium for any benefit added or increased after the death of your spouse will not be paid up.

Spouse Shared Care Benefit

If both you and your spouse are each covered under an identical separate in force Mutual of Omaha Insurance Company's Long-Term Care policy (Form LTC09M), you may draw from your spouse's maximum lifetime benefit to pay benefits under your policy. Benefits will be paid in accordance with the terms and conditions in effect under your policy at the time your maximum lifetime benefit was reduced to zero. The maximum lifetime benefit under your spouse's policy will be reduced to the extent that you draw against it to pay benefits under your policy.

OPTIONAL NONFORFEITURE BENEFITS

Nonforfeiture Benefit – Shortened Benefit Period

If you elect the optional Nonforfeiture Benefit – Shortened Benefit Period, your coverage will be extended as a Nonforfeiture Benefit, if your policy lapses due to non-payment of premium. However, the Non-forfeiture Benefit will NOT take effect if your policy lapses before the tenth policy anniversary date.

Under the Nonforfeiture Benefit – Shortened Benefit Period, we will pay benefits under the policy in the amounts and in accordance with the terms of the policy on the date the policy lapsed. However, the maximum lifetime benefit will be reduced resulting in your benefits being paid for a shorter length of time. The maximum lifetime benefit will be reduced to an amount equal to the greater of:

- (a) three times the Maximum Monthly Benefit in effect on the date the policy lapsed; or
- (b) the total amount premiums paid for your policy.

The total of all benefits paid under the policy will not exceed the maximum lifetime benefit that would have been paid if your policy did not lapse.

Contingent Nonforfeiture Benefit

You will receive coverage under this benefit if you do not elect the Nonforfeiture Benefit--Shortened Benefit Period.

Notice of Substantial Premium Increase

We will notify you of any increase in premium for your policy which constitutes a Substantial Premium Increase at least 60 days prior to the date your premium will change. The notice will include the amount of the premium and will offer you the following options:

- (a) You may reduce benefits under your policy to the level you can obtain for the premium in effect prior to the increase, without undergoing additional underwriting; or
- (b) You may elect to receive the Contingent Nonforfeiture Benefit. You have 120 days following the premium due date to make this election. If your policy lapses during the 120 days following the premium due date, you will be deemed to have made the election to receive this benefit.

Contingent Nonforfeiture Benefit

Under the Contingent Nonforfeiture Benefit, we will pay benefits under the policy in the amounts and in accordance with the terms of the policy on the date the policy lapsed. However, the maximum lifetime benefit will be reduced resulting in your benefits being paid for a shorter length of time. The maximum lifetime benefit will be reduced to an amount equal to the greater of:

- (a) three times the Maximum Monthly Benefit in effect on the date the policy lapsed; or
- (b) the total amount premiums paid for your policy.

The total of all benefits paid under the policy will not exceed the maximum lifetime benefit that would have been paid if your policy did not lapse.

Please refer to the Potential Rate Increase Disclosure Form to determine whether or not a change in premiums constitutes a Substantial Premium Increase. Substantial Premium Increase means a cumulative increase to your annual premium that is equal to or exceeds the percentage of your initial annual premium as shown in the Potential Rate Increase Disclosure Form and based on your issue age.

- (i) services provided due to an act of declared or undeclared war.

LIMITATIONS OR CONDITIONS ON ELIGIBILITY OF BENEFITS

Conditions

Except as otherwise provided in the policy, you must incur eligible expenses for Qualified Long-Term Care Services in order to receive benefits under the policy. Such Qualified Long-Term Care Services must be specified in a Plan of Care prepared for you by a Licensed Health Care Practitioner. Except for Supplemental Long-Term Care Benefits, if you are eligible for more than one type of benefit under the policy on a single day, we will pay the benefit which pays the greater amount.

Satisfying the Elimination Period

Except as otherwise provided in the policy, we will not pay benefits for eligible expenses incurred during the Elimination Period. The Elimination Period commences on the first day you are eligible for benefits under the policy and on which you: (a) are confined to a Nursing Facility or a Residential Care Facility; (b) receive Home Care or Adult Day Care; or (c) receive long-term care services covered under the policy that are Medicare eligible (for which benefits are not payable under the policy). The Elimination Period must be satisfied only once during the term of the policy.

Maximum Lifetime Benefit

Except as otherwise provided in the policy, any benefits paid under the policy will reduce the amount of your maximum lifetime benefit. No additional benefits are payable under the policy once the maximum lifetime benefit has been reduced to zero.

Non-Duplication of Benefits

We will not pay benefits under the policy to the extent that eligible expenses are reimbursable under Medicare or other government program (except Medi-Cal or Medicaid) or would be so reimbursable except for the application of a deductible or coinsurance amount.

THE POLICY MAY NOT COVER ALL THE EXPENSES ASSOCIATED WITH YOUR LONG-TERM CARE NEEDS.**8. RELATIONSHIP OF COST OF CARE AND BENEFITS**

Because the costs of long-term care services will likely increase over time, you should consider whether and how the benefits of this plan may be adjusted. You may elect one of the inflation protection options to increase your coverage. Only increases taken in accordance with one of the inflation protection options do not require proof of insurability.

5% Compound Inflation Protection (Lifetime)

If you elect the optional 5% Compound Inflation Protection Benefit, on each policy anniversary date from and after the compound inflation protection starting date, we will automatically increase the maximum monthly benefit then in effect under the policy by 5%. In addition, on each policy anniversary date from and after the compound inflation protection starting date, we will automatically increase the maximum lifetime benefit remaining at the end of the prior policy year by 5%. The increase in the maximum monthly benefit and the maximum lifetime benefit will be rounded to the nearest whole dollar.

In addition to 5% Compound Inflation Protection (Lifetime) Benefit, as described above, you may select other percentages from 1% to 4.75% in .25% increments.

4.5% Compound Inflation Protection With Buy Up Option

If you elect the optional 4.5% Compound Inflation Protection With Buy Up Option Benefit, on each policy anniversary date, we will automatically increase the maximum monthly benefit then in effect under the policy by 4.5%. In addition, on each policy anniversary date, we will automatically increase the maximum lifetime benefit remaining at the end of the prior policy year by 4.5%. The increase in the maximum monthly benefit and the maximum lifetime benefit will be rounded to the nearest whole dollar.

Eligibility for Buy Up Option

You are eligible for the Buy Up Option if, at the time you elect the Buy Up Option: (a) we are not waiving premium under any provision of the policy; and (b) you are not Chronically Ill and have not, for the immediate two-year period, received benefits under the policy.

Electing the Buy Up Option

On or before the final Buy Up Option date, you may elect the Buy Up Option. Under the Buy Up Option, you may elect to increase the compound inflation percentage to any percentage offered by us at the time of election. The compound inflation percentage can never exceed 5%. You may make such election by written request to us. You may elect the Buy Up Option only once each policy year.

Buy Up Option Will Increase Your Premium

We will increase the premium for the policy each time you elect the Buy Up Option. Premium will increase by an amount determined by us at the time you elect the Buy Up Option. We will increase the premium for the policy on the policy anniversary date coinciding with or next following the date we receive your written request. However, any increase in benefits will NOT occur until the policy anniversary next following the effective date of the increase in premium for the policy.

9. TERMS UNDER WHICH THE POLICY MAY BE CONTINUED IN FORCE OR DISCONTINUED

Renewability

THIS POLICY IS GUARANTEED RENEWABLE. This means you have the right to continue the policy in force for as long as you live or until the maximum lifetime benefit is exhausted. Subject to the terms of the policy, we cannot cancel your coverage as long as you pay the required premium when it is due. Mutual of Omaha Insurance Company cannot change any of the terms of your policy on its own, except that, in the future, WE MAY INCREASE THE PREMIUM YOU PAY, subject to the approval of the California Department of Insurance.

Waiver of Premium

We will waive the payment of premium for the policy if you are receiving Nursing Facility Benefits, Residential Care Facility Benefits, or Home Care Benefits for, in any month, at least eight days of Home Care or Adult Day Care. We will waive premium so long as such benefits are payable. The Elimination Period must be satisfied before we will waive the payment of premium for this policy. Any premium paid for a period for which premiums have been waived will be credited towards future premium payments. When the waiver period ends, premium payments will resume for this policy and must be paid to keep the policy in force.

TERMS UNDER WHICH THE COMPANY MAY CHANGE PREMIUMS

We reserve the right to increase the premium for the policy based on the Experience of your Policy Class, subject to approval of the California Department of Insurance, but never more than once per year. However, any such change in premium must apply to all policies issued to persons of the same Policy Class. "Experience" includes, but is not limited to, claims, mortality, persistency, and investment rates. "Policy Class" means persons who are insured by us under this policy form with the same issue age, sex, Rate Classification and benefits similar to the benefits under the policy. Such persons live in the same geographic area of the state as you did on the Policy Effective Date shown on the policy schedule. Premium will not increase due to a change in your age or health or your use of the long-term care coverage, except when required by a change in benefits under the policy. Premiums may also change as a result of policy changes you make after the original Policy Effective Date or due to increases in coverage under applicable inflation protection riders. Also, premiums may change if required by law. We must give you at least 60 days written notice before we change premium.

10. ALZHEIMER'S DISEASE AND OTHER ORGANIC BRAIN DISORDERS
