RE: CVS and Aetna

Dear Commissioner Jones:

I am writing to you in regard to the CVS Health and Aetna proposed transaction. Our company, Optima Medical Management Group, has had a very positive relationship with Aetna in the San Diego market. We currently contract with Aetna as an IPA for our outpatient risk.

Aetna, together with Optima, has had a positive impact in contributing to better patient outcomes and the overall delivery of patient care to our membership. We feel that a joint Aetna and CVS Health would be better for the market, providers, and consumers and would positively impact the quality of care in California.

Yours sincerely,
