California Life and Annuity Market Share Report for Calendar Year 2024

Preface

We are releasing the "California Life and Annuity Market Share Report for Calendar Year 2024", in addition to our regular Property & Casualty Market Share Report. This report is based on data from the NAIC's Life and Accident and Health Annual Statement database, and in part, the Health Insurance Statement database.

While we were preparing the 2009 results, we noticed that the Total California Life & Annuity Premiums substantially decreased from \$68 billion to \$59 billion. The reduction was primarily due to Anthem Blue Cross Life and Health Insurance Company's data reporting. In 2009, the company started reporting its data using NAIC's Health Insurance Statement (Orange) form, which primarily focused on health insurance business. In the years before 2009, the company had been reporting data using the Life and Accident and Health Statement (Blue), which focused on life insurance business.

In the first quarter of 2009, Anthem Blue Cross Life and Health Insurance Company passed the health test set forth in the general interrogatories for several consecutive years. Moreover, since it is only licensed to transact business within the state of California, the Company determined with the California Department of Insurance that the Health Insurance Statement was the most appropriate statement to file.

For consistency in comparing historical market share data, we made the adjustment to include Anthem Blue Cross' data in the 2009 through 2024 reports.

The report consists of a historical summary page which compares California Life Insurance Business to Countrywide, along with the following exhibits:
