Karen Clark & Company's PRID Participation Request

Greetings CDI Model Advisor Team,

On behalf of the Stanford Climate and Energy Policy Program's wildfire insurance team, comprising of Michael Wara, Mike Mastrandrea, and Eric Macomber and myself, I am requesting participation in the Karen Clark & Company's Pre-Application Required Information Determination Procedure (PRID).

We look forward to learning more about the PRID process and how it will further California's Sustainable Insurance Strategy.

Best,

Nam Nguyen
