LIFE INSURANCE POLICY LOCATOR SERVICE

If you suspect that a deceased family member had a life insurance policy or annuity contract, the California Department of Insurance can help. Call our Consumer Hotline at 1-800-927-4357 and inquire about the **Life Insurance Policy Locator** Service. This service is available to individuals who believe they are beneficiaries, executors or legal representatives of a deceased person. The companies will search their records to determine whether they have life policies or annuity contracts and will contact you directly only if they find a policy in the name of the deceased and you are the designated beneficiary or authorized legal representative. This service is free of charge.
