WHO IS REQUIRED AND WHAT TYPE OF DATA TO REPORT

- All California licensed property & casualty companies are required to submit their experience data in 2025 (if any) in the Data Collection Workbook (Excel) and complete the Signature Page (PDF) if they write residential property insurance. Experience data requested for residential property insurance is not confined to those reported on Annual Statement Lines (ASLs) 1, 4, and 12, and should also include those reported on other ASLs, if applicable.

- If your company does not have experience data in residential property insurance for the year 2025, the reporting requirement is satisfied by indicating so on the Signature Page.
- **PENALTIES FOR NON-COMPLIANCE:** Companies that fail to submit the Signature Page and the Data Collection Workbook (if applicable) by the requested due date will be considered as non-compliance with CIC §700(c) and will be referred to the Department's Legal Division for further action.

REPORTING PROCEDURE

- Step 1: Determine whether your company has any data to report. If there is no data to report, please download the Signature Page from the Department's website, have it signed, save/scan back to a pdf format and e-mail it to: RSBegexp@insurance.ca.gov.
- Step 2: If your company has data to report, download both the EQ-EXP 2025 Data Collection Workbook and the Signature Page from the Department's website, <http://www.insurance.ca.gov/0250-insurers/0300-insurers/0100-applications/rsb-forms/2025/EqExp2025.cfm>, complete the downloaded Workbook, and e-mail along with the signed Signature Page to: RSBegexp@insurance.ca.gov.
