Insurance Diversity Task Force

### ABOUT THE INSURANCE DIVERSITY TASK FORCE

In 2020, the Insurance Diversity Task Force was formally codified under California law with the enactment of Senate Bill 534 (Bradford, Chapter 249, Statutes of 2019). The Task Force strives to become leaders on the advancement of supplier and governing board diversity in the insurance industry. The Task Force advises and provides

recommendations to the Insurance Commissioner & the California Department of Insurance with the goal of advancing key priorities that aim to increase the economic inclusion of diverse business communities, and expand opportunities for greater diversity among the boardrooms of California insurance companies.
