I. BACKGROUND

In 2011, the State of California established the Insurance Diversity Initiative. The Initiative focuses on transparency and administers surveys to understand the state of supplier diversity and governing board diversity amongst the state's top insurers, those with written premiums of \$100 million or more in California. Between 2012 and 2016, insurers reported a 70% increase in their procurement with California diverse businesses.

In 2016, the Multistate Insurance Diversity Survey (MIDS) Initiative was established to understand the state of supplier and governing board diversity amongst the nation's now \$1.84 trillion insurance industry. Through transparency, these efforts aim to encourage economic opportunities, board governance diversity, and increased procurement from the nation's diverse suppliers.

The MIDS Portal is the online platform through which your company will access, complete, and submit the survey; all reports will be publically accessible once the administration period has ended. All insurance companies that meet the following outlined thresholds have been notified to submit a report with updated or new data by **July 2, 2018**.

Threshold:

- All insurance companies with written national premiums of \$300 million or more and licensed in one of the five partner states; and/or
- All insurance companies with written California premiums of \$100 million or more; and/or
- All insurance companies requested by one or more of the partner states in which the company is licensed has chosen to survey the company.

The survey is comprised of four sections; the survey seeks contact information for the company/group Chief Executive Officer (CEO), governing board demographics and efforts to diversify the board, information about each company's supplier diversity program, outreach efforts, and procurement data with diverse suppliers; the survey is intended to facilitate supplier relationships between insurers and the nation's diverse businesses. For the purpose of this survey, diverse businesses include: Minority Business Enterprises (MBEs); Women Business Enterprises (WBEs); Veteran Owned Business Enterprises (VOBEs); Disabled Veteran Business Enterprises (DVBES); and Lesbian, Gay, Bisexual, Transgender Business Enterprises (LGBTBES).

NOTE: CEO data is for the use of Department(s) and/or Commissioner(s) only and not part of the publically released report.

As the MIDS lead state, California will be hosting three 2-part series webinars to provide in-depth instructions on how to complete the survey; the full training requires attending both sessions. **These technical conference calls will take place on [Wednesdays at 8:30 AM \(PST\)](#) each month.**

More information about each webinar will be sent one week prior to each meeting:

- Part 1 Webinars: April 11, May 09, and June 06
- Part 2 Webinars: April 25, May 23, and June 20

Detailed information such as submission deadlines, portal access information, and instructions for completing the survey are all included below for your convenience and will also be accessible via the MIDS portal and California Department of Insurance website. - C. Total Number of Unique Paid Suppliers (#)

- If your company / group does not procure any goods / services with a designated business enterprise (WBE/MBE/DVBE/LGBTBE/MCBE/VOBE), you may check the box stating “**Check here if you do not procure any goods / services with (CERTIFICATION) in the (LOCATION)**” found on all designated business enterprise tables on all six (6) of the charts for MIDS
 - *Example: Company X* procures absolutely no goods / services with WBEs in the United States of America and met the threshold to report any spend with this designated business enterprise for 2018 MIDS
 - Company X may check the box at the beginning of table 2 on the National charts to indicate that it does not procure any goods / services with WBEs in the United States of America

TABLE 1: TOTAL PROCUREMENT

- Table 1 on each chart reports on overall **total procurement spend** by industry category
 - TOTAL PROCUREMENT SPEND is the total dollar (\$) amount of invoices **paid out to all suppliers** (diverse *and* non-diverse) for services rendered, reported specifically by industry category
 - **Industry categories** are outlined and defined by associated NAICS codes; details are available on the “Survey Glossary & Industry Categories” resource document found within the portal and on the California MIDS Resource webpage

‘A’ TABLES: TOTAL DIVERSE SPEND (TABLES 2A, 3A, 4A, 5A, 6A, & 7A)

- ‘A’ tables on each chart report on **total diverse spend** by certification in each industry category
 - TOTAL DIVERSE SPEND is the total dollar (\$) amount of invoices **paid out** to diverse suppliers for services rendered, reported specifically by industry category
 - This figure includes **any payments** made to diverse suppliers, including contract payments, purchase orders, etc.
 - Spend is reported by certification and industry category
- *Examples:*
 - Paid invoice of a \$500 purchase order with a DVBE for Office Supplies
 - This is a standalone invoice that constitutes procurement from a diverse vendor; any such invoices should be reported in table A for each respective location based on where the supplier is headquartered
 - This \$500 would be reported on table 4A (DVBE) under section (g) Office Supplies
 - Paid invoice of a \$1,000 payment as a result of / part of a \$5,000 contract with a WBE for Print Services
 - If only \$1,000 of the \$5,000 contract was paid out to a diverse business in the 2017 calendar year, then that is the only figure to be reported here
 - This \$1,000 would be reported on table 2A (WBE) under section (h) Print Services
- Reference this set of instructions for all ‘A’ tables: 2A, 3A, 4A, 5A, 6A, and 7A

- A contract signed for *any* amount in calendar year 2017, even if no part of it was paid out to the diverse business should be reported here
- **NOTE:** *Since reporting is done by calendar year, multi-year contracts should be reported by the average amount for one year only*
 - Hypothetically, if a two-year contract was signed for \$100,000 and was in effect from 2016-2017, only \$50,000 should be reported for calendar year 2017
- *Examples:*
 - A one-year \$5,000 contract with a WBE for Print Services should be reported, even if only \$1,000 of it was paid out to the diverse business
 - This \$5,000 contract must be reported on table 2B (WBE) under section (h) Print Services

 - TOTAL NUMBER OF UNIQUE PAID SUPPLIERS is the total number (#) of unique paid suppliers to whom your company / group **paid out** an invoice in calendar year 2017; this can be a contract invoice or a standalone invoice
- *Example: Company X* is completing the California chart
 - Company X first determines it paid out invoices to **3 different WBEs** in calendar year 2017; these unique WBEs are California diverse suppliers because they have a headquarters address in California
 - Company X then determines that all 3 WBEs are Advertising / Marketing firms and reviews the **total sum paid out** to all 3 WBEs for services rendered:
 - WBE #1 – Company X paid out 2 invoices, totaling \$40,000 in 2017
 - WBE #2 – Company X paid out 1 invoice, totaling \$40,000 in 2017
 - WBE #3 – Company X paid out 3 invoices, totaling \$101,000 in 2017
 - Company X will now report these 3 WBEs on table 2C under section (a) Advertising / Marketing:

 - WBE #3 will be reported in the **\$100k-\$500k** range as it was paid over \$100,000 but less than \$500,000

Disabled Owned Business Enterprise (DOBE)

'Disabled owned business enterprise' means a business enterprise physically located in the United States or its trust territories, that is at least 51 percent owned by person(s) with disabilities, or, in the case of any publicly owned business at least 51 percent of the stock of which is owned by one or more persons with disabilities, and whose management and daily business operations are controlled by one or more of these individuals, who provide proof of United States citizenship or legal resident alien status.

Disabled Veteran Business Enterprise (DVBE)

'Disabled veteran business enterprise' definitions tend to vary as currently there is no uniform definition available for DVBEs. Each definition for a DVBE has been specified by the government agency that created its own program. The federal government, for example, has two categories and several states have their own state-level definitions and requirements (such as CA & NY, see definitions below). Companies are encouraged to determine what constitutes a DVBE for the state within which they conduct business with a DVBE.

CALIFORNIA: 'Disabled veteran business enterprise' has the same meaning as defined in subparagraph (A) of paragraph (7) of subdivision (b) of Section 999 of the Military and Veterans Code, or any successor provision. Disabled veteran business enterprise certification eligibility requirements shall be consistent with those imposed by the Department of General Services, and this section applies only to those disabled veteran business enterprises certified by the Department of General Services." Though printing and publishing are often carried out by the same enterprise (a newspaper, for example), it is less and less the case that these distinct activities are carried out in the same establishment. When publishing and printing are done in the same establishment, the establishment is classified in Sector 51, Information, in the appropriate NAICS industry even if the receipts for printing exceed those for publishing. This subsector includes printing on clothing because the production process for that activity is printing, not clothing manufacturing. For instance, the printing of T-shirts is included in this subsector. In contrast, printing on fabric (or grey goods) is not included.
